**SUPPLEMENTARY INFORMATION:** In accordance with 5 CFR 1320.8(d), the BLM is required to provide 60-day notice in the **Federal Register** concerning a proposed collection of information to solicit comments on (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. The Taylor Grazing Act (TGA) of 1934 (43 U.S.C. 315 *et seq.*) and the Federal Land Policy and Management Act (FLPMA) of 1976 (43 U.S.C. 1701 *et seq.*) provide the authority for the Bureau of Land Management to administer the livestock grazing program consistent with land-use plans, multiple-use objectives, sustained yield, environmental values, economic considerations, and other factors.
